Subject: My notes from the 9/10/21 AltEn field planning meeting.

I saw that you were both out on Friday, so I am forwarding my notes from today's meeting.

Notes:

Field Planning updates:

Scott Hamilton – depart Chicago Tues AM. In Mead between 12 pm - 2 pm. Evaluate weather .

- Tues is to calibrate equipment and get lay of land.
- Wed-Thurs pre-dawn monitoring begins. Spend most of time in downwind position. Thurs – post project QC checks. Hooking up with Leland Grooms on Tues and he will work with R5. He will provide cannisters for analysis at the R7 lab. Will spend a majority of time in areas of highest conc. Will do lateral mont. Downwind to see how far conc are detected. Will also spend time in the Mead community.
- Michael Compher will schedule a 12 pm Wednesday debrief. Onsite staff to meet outside – location to be added to the appointment.
- Asked NDEE to schedule the safety brief on Wed at 8 am.
- If approached by residents will introduce themselves, indicate measuring air quality and can provide the factsheet.

Mike Davis – have flow controllers for both 8 hr and 24 hour samples. Can also be used for discrete samples. On site 9/15-17.

Tom Buell – Brad Pracheil..., NDEE will be in attendance. Doing a drone flight next Wednesday.

- Facility is actively moving wet cake from East to the NW. Next week will do an emergency lagoon cleanout. Very large truck will be onsite.
- CleanHarbors will provide a safety briefing in the Admin building Wednesday morning at 8 am. Bring PPE – hard hat, safety glasses, safety boots.

Brad Pracheil, NDEE – want R5 to provide a report with sampling results. Want to identify the source and if concentrations are detected in the community. If detected would exercise a new monitoring plan.

Michael Compher – will the pond seep affect? No.

- We usually inform the police department. Any concerns? NDEE will let them know on Tuesday.

Communications – Curtis – factsheet is complete (reviewed by R7, R5, NDEE). Curtis and Mike Davis will be at the site the first day if have media. Is NDEE doing active media. Curtis will post on the R7 factsheet State page.

- Communications plan to be corrected with R5 GMAP staff that are being deployed.

Carla Felix, NDEE - drafted an update for the AltEn page. Early next week will inform the community of the sampling (not a big splash event) and will link the factsheet. Carla will also be onsite.

- Factsheet out mid-day Tues. Curtis will put up the factsheet at 12 pm on Tuesday.

Cecilia Tapia
